Hi to all members that wish to come out please look at the tables and pick a day that suits you there will be a minimum of two bilge keel boats and one wet lift. Please ensure that you have crew to assist (no crew no lift) and you know how to rig and de-rig the cradle please make sure that you help other crews their boats before you tend to your own a Tractor driver will be assigned on that day if available. please make sure you have proper stands to support your vessel not just blocks. Dave Metcalfe is doing a booking system that will be up and running soon and will make life easier for everyone many thanks Steve (yard master)
